Hi, I'm Congressman Seth Moulton, from Massachusetts' Sixth District. After four tours in Iraq, I know what endless wars costs us - in lives and in dollars. That's why I've filed a War Powers Resolution to force a vote in Congress this month to end Trump's war with Iran, stop wasting our tax dollars on unnecessary conflict, and bring down skyrocketing gas and grocery prices. It's time for real action, not just words. Paid for by official funds authorized by the House of Representatives.
