Dear Noelle,

I am pleased to share that I have secured and delivered Readington Township nearly \$2 million to renovate their police department headquarters.

Recently, I visited the Readington Township Police Department to deliver a \$1,932,287 check to local officials and law enforcement officers. This funding, which I secured through the FY2026 Community Project Funding process, will modernize the facility that has housed the police department for over 50 years.

Rep. Kean presents Readington Police with nearly \$2 million in grant funds

Deputy Mayor Panico spoke about the check for \$1,932,287 representing “results for the residents of Readington, and an investment in the safety of residents.”

Chief Rindock said the federal funding “shows what happens when elected officials listen, engage, and act on behalf of people they represent.” He thanked Kean for his leadership and advocacy in securing the grants for law enforcement.

The funding will exponentially improve communication, data sharing, and emergency response for local first responders. I remain committed to supporting our law enforcement officers, and this investment will ensure that the department is equipped to meet the evolving needs of the community

As an independent problem solver in Congress, I have been consistently fighting to bring federal tax dollars back home. Since taking office, I have secured over \$38 million for our communities, directing resources toward emergency response, infrastructure, and public health across the Seventh District.
